AWESOME & EASY CHICKEN WINGS

Servings: 4 | SaskatchewanChicken.ca

#DYK Chicken is the #1 consumed protein in Canada, the average Canadian consumed 68 lbs (31 kg) in a year. Maybe more after tasting this recipe!

INGREDIENTS

- 3 lbs chicken wings and/or drummettes 1.4 kg
- 1 tsp each of cayenne pepper, smokey paprika, cumin powder and salt 5 mL
- 2 Tbsp Tabasco sauce, preferable Chipotle Tabasco sauce 30 mL
- 2 Tbsp melted butter 30 mL
- 1 Tbsp rice wine vinegar or cider vinegar 15 mL

PREPARATION

- 1.** Preheat oven to 425°F (210°C). Line a large baking sheet with foil and place a wire rack on top. Cut wings in half at the joint and discard tip. They tend to burn and don't have much meat on them.

- 3.** In a small bowl, combine Tabasco with melted butter and vinegar. Pour over wings. Toss to coat. Use a brush or your fingers to evenly coat. Place chicken on the wire rack. Don't crowd.
- 4.** Bake in centre of 425°F (210°C) oven until browned, about 40 to 45 minutes. (If wings are on a rack, they don't need to be turned.) Great served with a blue cheese dressing!

Chickens grown for meat are called broilers. Broiler chickens are raised in barns where they roam free. They are not kept in cages. The reason they are raised in barns is to protect them from the weather, predators and disease. Broiler chickens eat grain for food and they have access to water and feed 24/7 in the barns where they are raised.

ROASTED SQUASH, SHALLOTS & BARLEY IN BROWN BUTTER

Servings: 6 |  GoBarley.com

#DYK Barley is Canada's third largest crop and the second most widely grown cereal crop after wheat.

INGREDIENTS

- 1 cup pot or pearl barley 250 mL
- 4 cups reduced salt vegetable broth 1 L
- 1 small acorn or butternut squash, cut into large pieces
- 6 large shallots, peeled and cut into 3 pieces each
- 2 tsp canola oil 10 mL
- ¼ cup butter 60 mL
- 1 tsp ground turmeric 5 mL
- ½ tsp ground cardamom 2 mL
- ½ tsp ground cumin 2 mL
- chopped cilantro, for garnish

PREPARATION

1. Preheat oven to 400°F (200°C).
2. In a medium saucepan over high heat, bring barley and vegetable broth to a boil; cover pan and reduce heat. Simmer 40 minutes, until barley is tender. Stir occasionally.
3. Place cut squash and shallots in a baking pan; drizzle with canola oil and toss to coat. Bake, uncovered, for 20 to 25 minutes until soft and lightly browned. Remove squash and lower the oven temperature to keep warm.
4. Cool slightly and remove rind from the squash. In a large oven proof bowl, coarsely mash squash, then stir in shallots. Return mixture to oven to keep warm.
5. Meanwhile, in a small saucepan over medium heat, melt butter; reduce to low and continue cooking for 5 to 10 minutes. The butter will first foam up, and then become golden brown with brown flecking. Watch this process carefully to ensure the butter does not burn. Remove from heat.
6. When barley is cooked, remove squash mixture from oven. Stir in cooked barley, brown butter, turmeric, cardamom and cumin. Mixture should be creamy and moist.
7. Serve garnished with cilantro.

Canadian milk is one of the safest and most tested foods in the country. To maximize milk production, producers make sure that their cows are healthy and well-nourished, as hormones to stimulate milk production are not permitted to be used in Canada. Antibiotics are only given to a cow when she is sick. When a cow receives antibiotics, she must be clearly identified and her milk does not go to the processing plant for human consumption until the medication is cleared out of her system. All milk is tested at the processing plant and if any antibiotics are found, the milk is not used.

#LoveSaskFood As a whole grain, oats are high in both insoluble and soluble fibre and you need both for a healthy

diet. Insoluble fiber is the bulky fiber found in vegetables, bran and whole grains like oats. It keeps you regular and prevents constipation. Soluble fiber is the sticky fibre found in pulses, nuts, flax, barley and, of course, oats. It helps lower blood cholesterol levels and, therefore, reduces the risk for developing heart disease.

Cooks Notes: Substitute for buttermilk: 1¼ cups (300 mL) 1% milk plus 2 tsp (10 mL) vinegar or lemon juice. Let sit 5 minutes.

Bread may be stored in an airtight container for up to 2 days or frozen for up to 2 months.

OUR FOOD HAS a STORY

#OurFoodHasAStory Oats are a whole grain. They can be purchased in several forms: Oat Groat or Pearls are the whole oat grains with the hull removed. Oat pearls are great in salads and pilafs. Steel Cut Oats are made by cutting oat pearls into two or three pieces using a sharp steel blade. They take longer to cook than rolled oats and have a slightly fuller flavor and texture than rolled oats. Rolled Oats or Old Fashioned Oats are made by steaming whole oat pearls and then rolling them. This process shortens cooking time compared to steel cut oats. Quick Oats or Oat Flakes are made by steaming and rolling steel cut oats. These are the oats found in instant oatmeal products and are also often used in baking. Oat Flour and Oat Bran are made from grinding oat pearls. Separating out the bran from the whole oat flour produces oat bran.

#LoveLentils Lentils are high in fibre, and complex carbohydrates, while low in fat and calories. Their high protein content makes lentils a perfect option for those looking to boost their protein intake.

INGREDIENTS

- 1/3 cup dry split red lentils 75 mL
- 1 cup all-purpose flour 250 mL
- 1 cup whole wheat, barley or oat flour 250 mL
- 3 Tbsp brown sugar 45 mL
- 1 Tbsp baking powder 15 mL
- 1/4 tsp salt 1 mL
- 1/2 cup butter, chilled 125 mL
- 3/4 cup milk or half & half 175 mL
- 1 apple, peeled and thinly sliced
- 2 Tbsp sugar 30 mL
- 1/2 tsp cinnamon 2 mL
- extra milk and coarse sugar, for brushing/sprinkling (optional)

PREPARATION

1. Put the lentils into a small saucepan and add enough water to cover them by about an inch. Bring to a simmer and cook for 8-10 minutes, or until just tender. Drain well and set aside to cool completely. Preheat the oven to 400°F (200°C).
2. In a large bowl, combine the flours, brown sugar, baking powder and salt. Grate in the butter using the coarse side of a box grater, or blend it in with a fork, pastry blender or your fingers. Add the milk and stir just until the dough comes together.
3. Roll or pat into a 10-inch square on a parchment-lined baking sheet. In a medium bowl, toss the apple slices with the sugar and cinnamon to coat. Spread lengthwise down one half of the dough, and fold over the other side to enclose it. (There's no need to seal it closed.)
4. Cut crosswise into rectangles or wedges, pull them apart so that there's at least an inch between them on the pan, and if you like, brush the tops with a little extra milk and coarse sugar.
5. Bake for 25-30 minutes, until golden. Makes about 8 scones.
